PROJECT

Marketing Strategy & Brand Launch Project – CapSol

- Led a 5-member cross-functional team to conceptualize and execute an end-to-end marketing strategy and brand launch plan for CapSol, a water-soluble cleaning capsule FMCG innovation, completed within a 10-day sprint timeline.
- Conducted market problem analysis, consumer insight mapping, and opportunity gap assessment, addressing sustainability, packaging inefficiency, and dosing wastage in the home care segment.
- Designed STP framework, positioning strategy, and value proposition, supported by brand architecture decisions, product portfolio strategy, and pricing (value-based with penetration bias).
- Developed a go-to-market (GTM) strategy, including D2C launch phases, digital media mix planning, subscription model, and KPI definition (CAC, LTV, repeat purchase, NPS) using established brand management and growth frameworks.

Marketing Analytics & Paid Media Campaign – Capsol (Instagram Ads)

Executed Instagram ad campaigns using Meta Ads Manager for a fictional FMCG brand to drive awareness and traffic.

- Ran 2 campaigns with ₹627 budget; achieved 187K+ reach and 422 clicks
- Improved CTR from 0.10% to 0.97% by shifting to video-based creatives
- Achieved ₹1.36 CPC through audience targeting and placement optimization
- Analyzed performance data to recommend a video-first content strategy for higher engagement

CRM Audit of Nykaa: A Strategic Evaluation of Customer-Centric Practices

- Conducted detailed analysis of customer acquisition, engagement, and retention strategies.
- Evaluated digital marketing campaigns, personalization efforts, and omnichannel communication.
- Analyzed customer data management and feedback systems to identify gaps and improvement areas.
- Provided actionable recommendations to improve customer experience, retention, and long-term value.

PUBLICATION

- Authored a book chapter on Digital Twin applications in business education and organizational decision-making.
- Analyzed Digital Twin use cases across supply chain resilience, customer experience, and business process simulation.
- Examined the role of immersive learning and virtual business simulations in management education.
